American College Massage School

Institute Overview

Philosophy

American College Massage School, A.C.M.S., was created to provide reasonable priced massage therapy training - from people who love to teach massage - to people who have a great desire to learn massage.

Mission

To promote, therapeutic massage, and expand the reach of massage through education.

Goals

To not only teach, but, enrich the lives of each student.

To not only provide education, but, touch each student's life as an individual.

Personnel

We will have a variety of teachers with diverse backgrounds. However, they will all have the same common thread, a passion to not only teach, but to mentor.

The teachers at A.C.M.S. are certified massage therapists, with time-tested massage skills. All have massage practices, and many have medical backgrounds. As of this date, all of our teachers graduated from our school, because we feel we do the best training. Other schools must think so too, because they hire A.C.M.S. graduates to teach. Don't settle for a second-hand education, when you can learn from the best.

Director

The director is Gale Miller, JR. Mr. Miller has a diverse background, ranging from being a teacher and manager of computer professionals, to being a published author, editor of a literary magazine, and past president of two non-profit organizations. With these skills the director brings a strong background in, teaching, organization, and people skills.

Mr. Miller is a certified massage therapist through the A.B.M.P., who teaches massage therapy and donates his time, and the time of his students to charity events throughout the year.

The director realizes, through his own experience, how difficult it is to attend school when you have a family and a full time job. This is why he believes it is important to develop a program that fits a busy life style, but still maintains a high standard.

Who will train you?

A big building? A large administrative staff? Fancy brochures? No, not one of these will train you. People train, and people learn, everything else is just a prop. And when you graduate all of that stays behind except, what was left in your head. If you want to leave with the best training, stick with us, we are the best at massage.

Why did we pick Crown Point

Because massage therapy dates back 5,000 years, we felt that it would honor the history of massage by placing our schools in the prestigious historic district of Crown Point. In this day and age of fast food and malls, massage needs to be tied to its ancient roots, and not looked upon as--- *education dished out at the mall*. Because we value history and good old-time family values, students will not become a number in a computer, students will become one of our student family.

American College Massage School

Class Administrative

Class Size

The average class size is 8, with a maximum of 12. All the staff here feel it is important to get individual close personal training.

Admissions

Students should be at least 18 years of age, and be in good health. Each prospective student should be interviewed by the director (in person or over the phone). Students should have previous exposure to bodywork. This can be accomplished by getting a massage or visiting the school. Students must also conduct themselves as professionals, have a positive attitude, allocate sufficient time to study, and have a sincere desire to perform massage therapy in a positive manner.

American College Massage School

Institute Policies

General Rules

There is no smoking in the school. No student will be allowed in class under the influence of drugs or alcohol. Clothing must be neat, clean, and appropriate for massage. Any type of revealing or provocative clothing is strictly prohibited. No inappropriate language or swear words are allowed.

Payment methods

The methods of payment are Personal Checks, Certified Bank Check, Money order, or **Major credit** card. Financing may be available for those who qualify. Please make all remittances **payable to; American College Massage School.**

Every effort will be made to accommodate students in making their payments, as we want everyone with a desire to become a therapist to have a chance to succeed.

We do not have Federal Grants; however, students can obtain tuition assistance from the Vocational Rehabilitation Services and Indiana Department of Workforce Development if they have a special need.

Failure to remain current with tuition or payment obligations may affect the student's enrollment status, completion status, release of school records, or eligibility for school certification, subject to applicable law and school policy.

Loans

TFC Credit has loans available for those who have trouble obtaining loans. Please call toll free 888-662-2585 for the application.

Payments as low as \$99 a month regardless of income or credit scores

Payment Discounts

This is new as of enrollment for May/June 2010 and only applies to students enrolling for classes for this date forward.

To qualify for this discount, you must use the two-payment interest fee option, which requires half of the tuition to begin and the other half at mid-point of class.

The discount is \$2000.00. The discount is applied to the second half of tuition, and is not due as long as the student continues their 2nd half of education. This discount cannot be used with any other scholarships, government aid, or discount plans. Note: starting with issue 23 documents.

Late Payment

The enrollment agreement specifies the late payment fee.

American College Massage School

Student Code of Conduct

1. Respect other students and faculty members
2. Maintain a high level of personal hygiene
3. Confidentiality of all students, clients, and faculty members
4. Positive attitude
5. Sensitivity toward others
6. Maintain good morals

Failure to keep any of the above code of conduct is reason for expulsion.

Dismissal

Students are subject to dismissal for the following reasons.

- Not following the Code of Conduct Rules.
- Failure to keep current with homework.
- Attending class under the influence of drugs or alcohol.
- Failure to make timely tuition payments.
- Any behavior which could discredit the school or the massage profession
- Unlawful behavior on school grounds.
- Inappropriate attire – **scrubs at all times** --- period
- Swearing, i.e. profanities, Curse words, or vulgar language or behavior.
- Cell phones are not to be taken into clinical massage rooms, students will be subject to one-week suspension from school. If it continues the student will be expelled. You may use your cell phones to text at your desk, or for students with language issues they may use for translation. Phone calls are to be placed outside the class room so not to disturb other students. If you receive a call make it short. Your phone must be on mute/vibrate. The nature of cell phones with pictures and recordings is enough by itself not to have them with you when you are massaging.

Refund Policy

The postsecondary proprietary educational institution shall pay a refund to the student in the amount calculated under the refund policy specified below or as otherwise approved by the Office for Career and Technical Schools (OCTS). The institution must make the proper refund no later than thirty-one (31) days of the student's request for cancellation or withdrawal.

If a postsecondary proprietary educational institution utilizes a refund policy of their recognized national accrediting agency or the United States Department of Education (USDOE) Title IV refund policy, the postsecondary proprietary educational institution must provide written verification in the form of a final refund calculation, upon the request of OCTS, that its refund policy is more favorable to the student than that of OCTS.

The following refund policy applies to each postsecondary proprietary educational institution as follows:

1. A student is entitled to a full refund if one (1) or more of the following criteria are met:
 - (a) The student cancels the enrollment agreement or enrollment application within six (6) business days after signing.
 - (b) The student does not meet the postsecondary proprietary educational institution's minimum admission requirements.
 - (c) The student's enrollment was procured as a result of a misrepresentation in the written materials utilized by the postsecondary proprietary educational institution.
 - (d) If the student has not visited the postsecondary educational institution prior to enrollment, and, upon touring the institution or attending the regularly scheduled orientation/classes, the student withdrew from the program within three (3) days.
2. A student withdrawing from an instructional program, after starting the instructional program at a postsecondary proprietary institution and attending one (1) week or less, is entitled to a refund of ninety percent (90%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
3. A student withdrawing from an instructional program, after attending more than one (1) week but equal to or less than twenty-five percent (25%) of the duration of the instructional program, is entitled to a refund of seventy-five percent (75%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
4. A student withdrawing from an instructional program, after attending more than twenty-five percent (25%) but equal to or less than fifty percent (50%) of the duration of the instructional program, is entitled to a refund of fifty percent (50%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
5. A student withdrawing from an instructional program, after attending more than fifty percent (50%) but equal to or less than sixty percent (60%) of the duration of the instructional program, is entitled to a refund of forty percent (40%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
6. A student withdrawing from an institutional program, after attending more than sixty percent (60%) of the duration of the instructional program, is not entitled to a refund.

Student Protection Fund IC 22-4.1-21-15 and IC 22-4.1-21-18 requires each educational institution accredited by the Office for Career and Technical Schools to submit an institutional surety bond and contribute to the Career College Student Assurance Fund which will be used to pay off debt incurred due to the closing of a school, discontinuance of a program, or loss of accreditation by an institution. To file a claim, each student must submit a completed "Student Complaint Form." This form can be found on OCTS's website at <http://www.in.gov/dwd/2731.htm>.

FAQ

1. Does ACMS graduates qualify for the National Test? Yes and we have many students pass the exam.
2. Does Indiana have licensing? Yes, effective for 2009. We qualify.
3. What is the difference between the AMTA and ABMP? Both are malpractice insurance companies that have educational requirements to obtain malpractice insurance. They also help students by providing them with information on massage.
4. Where do students obtain employment? The best way is to start your own business, which is more lucrative, but does take time to establish. Or to be employed by nursing homes, health care providers, chiropractors, salons, health club, or spas. Our students have worked in all environments. We have over 60 employers at any given time looking for MT's

Shopping for an Education

Will I pay too much for my education? Does Tuition include books?

We include books and malpractice insurance in the tuition. Nationwide the price of our tuition is on average. If you pay more than \$10,000 for tuition you are probably paying for the big building. Because, the education is not better, it's just more expensive.

Will an associate's degree offer me more job opportunities?

People with associates degrees and certification work side by side making the same wage. The State of Indiana and National Testing requires 650 hours (as of July 2019).

If a school offers financial aid will I pay less for my education?

Not necessarily. Grants for massage education usually max out at \$5,000. If the tuition is \$30,000 you still owe \$25,000.

Financing

1. If you finance tuition it is half down and the 2nd half at mid point. No interest. New 2 payment discount reduces tuition \$2,000 on 2nd payment. Also see in index Institute Policy for discount program.
2. We have several financing options. If you have poor credit we can finance. If you have good credit we can provide you with a very reasonable loan. Please call Mr. Miller to discuss financing. Toll free 888-662-2585.
Payments as low as \$99.00 a month.
